

IIW SAFE GUARDING POLICY

A Culture of Safeguarding and Vigilance

At IIW the safety, health and wellbeing of every child is our priority. All staff, governors, visitors and volunteers are expected to share this commitment to a culture of safeguarding and vigilance, so our students feel secure and well cared for and in turn, reach their maximum potential. At JFS we are clear that everyone is responsible for safeguarding and that “it could happen here.”

Safeguarding legislation and government guidance say that safeguarding means:

Protecting children and learners from maltreatment;

Preventing impairment of children’s and learners’ health or development;

Ensuring that children and learners are growing up in circumstances consistent with the provision of safe and effective care.

Safeguarding at IIW is intrinsic in all that we do, which includes site security, behaviour for learning, safety in lessons and in the playground, school trips, anti-bullying, and through our curriculum.

We listen to our students and take what they tell us seriously. Our staff are trained in child protection and safeguarding best practice and our students know they can talk to any member of staff if they have a concern. We have a team of trained Designated Safeguarding Officers and a Designated Safeguarding Lead. See the information below for details of how to get in touch with our Safeguarding Team.

We are committed to working hard to reduce all the kinds of harm that children may suffer, including abuse, bullying, discrimination, sexual violence, and harassment. If you have any concerns about the safety or welfare of a child, please do not hesitate to contact us.
