“Wind beneath the Women Entrepreneur’s Wings -” A step towards ‘Aatma Nirbhar’ Bharat.

<https://eutsav.org/>

The pandemic taught us many lessons. One amongst it is to come together in support of each other with greater strength and integrity. Many jobs were lost, and many women struggled to meet ends. IIW decided to support women entrepreneurs to expand the market out of FB through a website.

We decided to focus on three things –

1. Zero Commission / Zero profit margin
2. Offer training and support to register a business.
3. Assist in turning skills into profession with motivation.
